June 2005

"Let them give glory unto the Lord, and declare his praise in the islands." Isaiah 42:12

Dear Pastor, Church and Co-Laborers,

Wow has this year flown! We came back from 10 weeks in the States, that is something we can't do too often due to the expense. It was great to see everyone and we really appreciate all the hospitality that was shown to us. The works continued fine while we were away, Praise the Lord! That's what's missions is all about turning it over to the Nationals. In fact, it ran better and more people came while we were away, Praise the Lord!!! The Haitian Church building in Santa Elena is just about finished. We want to finish it this month and paint it all one color. We'll send pictures when it is done. We have to knock out the wall because it is already full. Thank God for that!

Someone donated a dental chair, compressor, light for the clinic at the Church in Barahona. We need to ship it and clear it. Please pray that the monies come in for that and other equipment needed for the clinic. It will be a real help to have that stuff here and hopefully we'll be able to staff it part time. We already have some dentists in the capital that said they would help and some interest stateside. The missionary training institute is coming along with some families interested in short term mission work. Please pray for that and let others know that there is a place for them to come and "see" the field while they are praying for God's will in their lives.

Also, all my children are here this week!! Barb is happy and crying!!! It is good to have all of them together again, some brought their friends. Josh is here with a friend and her sister from Alabama. Jon is back for good and is working in Santo Domingo and thinking about College there and helping in the work here, Praise the Lord. We've never called them, but the Lord sure can. Joe is finishing school and working in the Capital. Anna is getting ready to study cosmetology and finish school. While Abi, 14 is doing whatever needs to be done and school as well. Jordan - 11, Becki - 9, and Luke - 7 are all keeping my wife busy with school. We thank the Lord He has given us good kids. They stay active in Church and love the Lord. That's our #1 priority here!!!

We are trying to create job opportunities for the guys in the Institute. Farming coffee and beans are our current projects. Please pray for a young man named Roseman that is coming from Haiti to work in the Haitian work in the mountains and try to reach out to other villages. Pray that the Lord provides for him. We still need support for these works and the men as well as added personal support as things grow. We really appreciate your prayers and concerns. All of you have a open invitation to visit anytime. Please consider it and we'll be blessed as well as those that come and "see" with their eyes.

May the Lord richly bless all of you and may we all stay faithful until the end.

P.S. We now have a toll free telephone that anyone can call from the States free!! 1-888-242-5917. Give us a call!!!

Because He lives,
Mark, Barb and the Gang

The Grenons ... Heb.6:10
